Dear Interested Party:

Re: Draft Post-Closure Permit
Hammond Pest Control
Hammond, Indiana
INR000008623

Enclosed is a copy of the public notice that appeared on August 5, 2016, in The Times. The Indiana Department of Environmental Management (IDEM) is announcing the availability for public review of a draft post-closure permit, pursuant to Rule 329 IAC 3.1 and 40 CFR Part 264, for Hammond Pest Control (HPC) to maintain and monitor a former storage unit closed with contamination in place at 702 State Street, Indiana. The IDEM is inviting public comments on the draft post-closure permit.

The draft permit specifies the conditions under which the facility must maintain and monitor the closed unit in order to maintain compliance with the State and Federal statutes and rules.

Included for your information is a copy of the Fact Sheet. The draft permit is available for public inspection and copying at the Hammond Public Library, 564 S. State Street, Hammond. The documents can also be accessed via IDEM's Virtual File Cabinet (VFC) at: www.vfc.idem.IN.gov. VFC permit document numbers are:

Permit Application 80304819 Draft Permit Conditions 80332677
Permit Attachments:
A 80332678 B 80332679 C 80332680 D 80332681 Appendices 80332682

IDEM is accepting written comments on the draft permit for HPC. Comments must be postmarked by September 19, 2016, and should be sent to Jeff Workman at jworkman@idem.IN.gov or the following address:

Indiana Department of Environmental Management
Office of Land Quality
Hazardous Waste Permit Section
IGCN 1101
100 North Senate Avenue
Indianapolis, IN 46204

Before taking final action on the permit application, the IDEM will give full consideration to all significant and relevant comments regarding this permit decision.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey L. Sewell". The signature is fluid and cursive, with the first name "Jeffrey" and last name "Sewell" clearly distinguishable.

Jeffrey L. Sewell, Chief
Permits Branch
Office of Land Quality

INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT

PUBLIC NOTICE

DATE OF NOTICE: August 5, 2016

COMMENTS DUE: September 19, 2016

The Indiana Department of Environmental Management (IDEM) has received a hazardous waste post-closure permit application from:

Hammond Pest Control
702 State Street (property location)
Hammond, Indiana
INR000008623

Hammond Pest Control (HPC) is a general pest control company located at 664 State Street, Hammond. HPC operated an illegal hazardous waste container storage facility at 702 State St., Hammond. The former storage unit was closed with contaminants in place in accordance with an approved closure plan as required per an Agreed Order (Cause No. II-13417). Closure involved the construction of an engineered cap to prevent direct contact with underlying soils and prevent residual contaminants remaining under the cap from migrating offsite

IDEM has reviewed the permit application and has drafted a proposed post-closure permit. The draft post-closure permit describes how the facility must maintain the closed hazardous waste unit in order to comply with State and Federal statutes and rules. A copy of the permit application, the proposed post-closure permit, and Fact Sheet, are available for your review at:

- Hammond Public Library, 564 S. State St., Hammond, IN
- IDEM's Virtual File Cabinet at: www.vfc.idem.IN.gov

IDEM is providing the public an opportunity to submit written comments and/or request changes to the proposed post-closure permit conditions.

You may request that IDEM hold a public hearing about this permit application. At a hearing, you would have an opportunity to submit written comments, ask questions, make statements, and otherwise discuss any concerns about the permit with IDEM staff. If a public hearing is held, IDEM will make a separate announcement of the date, time, and location of that hearing/meeting 30 days in advance.

Written comments with supporting documentation, or a written request for a public hearing, should be sent to Jeff Workman at jworkman@idem.IN.gov or the following address:

Indiana Department of Environmental Management
Office of Land Quality
Hazardous Waste Permit Section
IGCN 1101
100 North Senate Avenue
Indianapolis, IN 46204

IDEM will respond to all significant comments and specify which provisions of the post-closure permit were changed, if any. To receive the Notice of Decision, please make a written request to Jeff Workman at the OLQ address above. Anyone who submits written comments will receive a copy of the Notice of Decision.

If you have any questions about the post-closure permit application or public notice process, please feel free to contact Jeff Workman at the OLQ address above or at (317) 232-3221 or jworkman@idem.in.gov.
